Cheat like the celebrities...

★ Getting those Christmas photos back from the developers can be a nightmare - all those imperfections that you couldn't see in the bathroom mirror are magnified under the camera's flashing light.

A glimpse of cellulite peaking out of your party dress in seated pictures, fine lines creased around your eyes in smiling shots - so it is important to target these problem areas too before your big night out.

You don't have to book in for expensive salon

treatments - celebrity favourite

Wellbox lets you battle lumps, bumps and lines at home.

Loved by celebrities including Kelly Rowland, Britney Spears and Sharon Stone, the Wellbox's

motorised rollers work on all three layers of the skin - the epidermis, dermis and hypodermis - leaving you with healthy, glowing, smooth skin.
